

OLT Offshore LNG Toscana

Extension of the deadline for the provision of the financial guarantees for First Come First Served (FCFS) allocation

Livorno, September 18th, 2018 – OLT Offshore LNG Toscana informs that, notwithstanding Clauses 2.1.9.1 b) and 2.1.9.2 b) of the Regasification Code, the financial guarantees related to the First Come First Served allocation can be provided by hr. 12:00 CET of the Business Day before the Day on which the Applicant submits his offer, in the manner and using the relevant forms annexed to the Regasification Code.

For any further information please refer to the commercial section of OLT's website (www.oltoffshore.it).

OLT Offshore LNG Toscana, set up from the association of Iren Group (49.07%), Uniper Global Commodities - formerly E.ON Global Commodities - (48.24%) and Golar LNG (2.69%), owns and manages the floating regasification Terminal "FSRU Toscana". The Terminal, moored about 22 km off the coasts between Livorno and Pisa, is connected to the national grid through a 36.5 km long pipeline, operated and managed by Snam Rete Gas, of which: about 29.5 km at sea, 5 km in the floodway and the remaining 2 km on dry land. At full capacity, the Terminal has a regasification capacity of 3.75 billion cubic meters a year, about 4% of the national gas consumption.
