

OLT Offshore LNG Toscana

OLT publishes the calendar of annual and multi-year auctions without expression of interest

Livorno, June 19th, 2020 – OLT Offshore LNG Toscana S.p.A. informs that the calendar of annual and multi-year auctions without expression of interest has been published in the business area of its website.

The auctions, in accordance with the provisions of the Company's Regasification Code, will be held **from 1st to 3rd July 2020**, as follows:

- **1st July 2020** – Auction for the allocation of the regasification capacity for the Gas Year 2020/2021;
- **2nd July 2020** – Auction for the allocation of the regasification capacity for the Gas Year 2021/2022;
- **3rd July 2020** – Auctions for the allocation of the regasification capacity for each Gas Year from 2022/2023 to 2033/2034.

It should also be noted that, as communicated by GME on June 18th, 2020, **blank test sessions** are scheduled for interested users **from 24th to 26th June 2020** on PAR Platform. For any further information please refer to the website of GME (<https://www.mercatoelettrico.org/en/>).

For any further information please refer to OLT's website (www.oltoffshore.it).

OLT Offshore LNG Toscana S.p.A., is the company that owns and manages the floating regasification Terminal "FSRU Toscana". The Terminal, moored about 22 km off the coast between Livorno and Pisa, is connected to the national grid through a 36.5 km long pipeline, operated and managed by Snam Rete Gas, of which: about 29.5 km at sea, 5 km in the floodway and the remaining 2 km on dry land. "FSRU Toscana" has a maximum authorized regasification capacity of 3.75 billion Sm³ a year, about 5% of the national requirement.
